## Details required to enable testing

Emails generated in PTF will be sent to registered email domains only. Please state the domain at which you want to receive all testing emails, for example, first.second@domain.co.uk (where domain.co.uk would be the email domain).

All addresses on the given email domain will be able to receive messages, so multiple email addresses can be used during testing, if required.

**Email domain**

**External static IP address(es) to be enabled on PTF**

Please complete the form and return to **Payroll.test.access@nestcorporation.org.uk**
